RE: ACBL Customer Notification - Gulf of Mexico – Hurricane FRANCINE/current TS FRANCINE

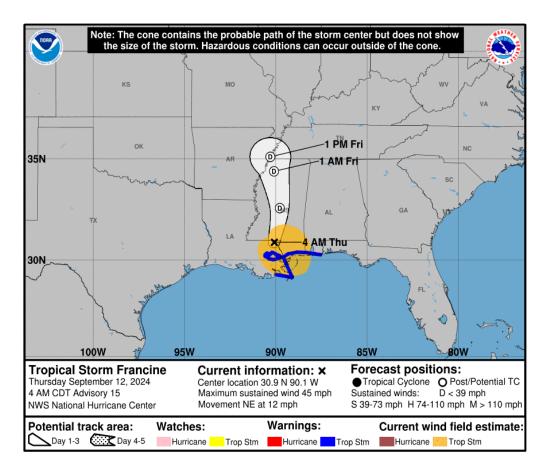

VIA: Communication Sent Via email – Condition Landfall

Dear ACBL Customer,

Hurricane FRANCINE has made landfall. Please find the below updated information.

Hurricane Francine made landfall at approximately 5pm CDT, 11 Sep as a Category II Hurricane with winds of 100mph in the vicinity of Morgan City, LA. Fortunately, it quickly passed through the greater New Orleans area at a speed of nearly 17 mph and is now at the border of Mississippi.

ACBL fleets and vessels have been secured. This will be the last tracking notification associated with Hurricane Francine/Tropical Storm Francine.
